The Olana Partnership presents

FRAMING THE VIEWSHED: A BEND IN THE RIVER

An Insider Account of the Hudson Valley's 1979 Nuclear Decision

The Olana Partnership hosts a panel discussion about a little-known episode in Hudson Valley history. For the first time, some key players will unite to discuss what could have been, why it never happened, and how the nationally significant views from Olana played a role in changing visual impact law.

Saturday, February 25, 3PM
